

INSTALLATION INSTRUCTIONS

CROSS PIN REAR WIPER BLADE

Lift the car's rear wiper arm off the rear screen as far as it will go.

To remove the current wiper blade gently rotate the blade away from the arm until it disengages.

Next, remove the new Ezywiper blade from its packaging. To fit the new Ezywiper blade, align the blade with the arm (see inset).

Gently push the Ezywiper blade onto the arm until it locks into place.

Don't forget to remove the protective sleeve from the Ezywiper blade before placing the arm back on the rear screen.

For installation videos and more info see ezywiper.co.nz
